The Honorable Jeff Flake
United States Senator

Tucson, AZ 85704

Dear Senator Flake:

This is in response to your inquiry on behalf of (b) (6) regarding the Tucson International Airport Area (TIAA) Superfund Site. It appears that (b) (6) is primarily interested in obtaining information regarding the Site and seeking assurance that (b) (6) concerns about the Site have been taken into consideration.

The Site is listed on the National Priorities List of the most hazardous sites across the United States and its territories. As such, cleanup of the Site is governed by the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 and the National Contingency Plan found at 40 C.F.R. Part 300. Those authorities outline the procedures for public involvement in Superfund site cleanups and where information regarding those sites may be found.

In the case of TIAA, select Site documents may be reviewed at the TCE Superfund Information Library located at 202 W. Valencia Road, Tucson, AZ 85706 at the Valencia Branch Public Library in Tucson. A complete official Site file can be reviewed at the EPA Region IX, Records Center, Mail Stop SFD-7C, 95 Hawthorne Street, Room 403, San Francisco, CA 94105. Information is also available at the Arizona Department of Environmental Quality (ADEQ) Record Center located at 1110 W. Washington Street in Phoenix.

The information above, as well as information on public meetings, schedules and agendas can be found on ADEQ's web site at:

http://www.azdeq.gov/envIRON/waste/sps/Tucson_International_Airport_Area_Overview.html

Information is also available on EPA's web site at:

<http://cumulis.epa.gov/supercpad/cursites/csitinfo.cfm?id=0900684>

In regard to any information which (b) (6) wishes the regulatory authorities to consider, we would suggest she address those concerns to Sarah Cafasso, the EPA Community

Involvement Coordinator. Ms. Cafasso may be reached at (415) 972-3076 or at cafaso.sarah@epa.gov.

We trust this information is helpful.

Sincerely,
